

## **ABOUT US**

*Brian's House Enterprises is a day program for adults with intellectual disabilities to participate in their community, learn and practice pre-vocational and vocational skills, and engage in daily meaningful activities.*

*We are looking for creative and helpful instructors to get to know the individuals enrolled in our program and to help them engage in their community through weekday trips and activities.*

## Who is Brian's House?

The Brian's House family is made up of hundreds of individuals, staff, and friends in the community. As a whole, we provide residential, vocational, and every day support for our individuals, who are adults over twenty-one years of age living with intellectual disabilities.

Founded in 1976, Brian's House has been a staple of the Chester County community for over 40 years. The day program, Brian's House Enterprises, was opened in 1998 to ensure that our residents could live fulfilling and engaging lives through daily activities, employment, and community integration.

## What is Community Integration?

Community integration is a Pennsylvania state mandate, founded on the idea that all individuals should have the opportunity to engage with and be welcomed in their community. By locating and participating in preferred community activities, individuals in such programs form relationships, discover new interests, and even achieve mainstream employment.

In groups of small ratios (no less than one staff to every three individuals), each day Brian's House Enterprises sends out multiple instructors and individuals towards destinations like bowling, the movie theater, volunteer work, farms, zoos, art galleries, and more. BHE prides itself on the creativity and initiative of its community instructors, and welcomes staff ideas for community outings.

## What's in it for *you*?

Brian's House is proud to offer competitive employment and benefits for its community instructors, including:

- \$12/hr starting pay
- Flexible scheduling (full or part time)
- Full time benefits including health, dental, and tuition reimbursement
- Opportunity for growth within the field
- An excellent resume builder for any human services major
- Unique, daily opportunities to engage with an important part of our community
- And more!
